Experiences

Welcome to Octant Hotels Praia Verde

We are Octant Hotels Praia Verde.

We exist between the green of the pine forest and the blue of the Atlantic Ocean.

We are simultaneously close to the Ria Formosa, with its delicate ecosystem and its slow tides that dictate the life of fishermen and shellfishers of the region, and to the Guadiana River that is the border between Portugal and Spain, old way of smugglers and that brings the Algarve mountain range to the sea.

We live in a place that sometimes seems to have been forgotten and where traditions persist.

In the immemorial history of this land is the key to the gastronomy of the region, which mixes mountains and sea in a blend of flavors, substance and forms of cooking. A gastronomy that changes as the seasons flow.

In the ancestral influences and in the climate of the South we explain the local craftsmanship and the livings that still exist, with its Roman and Arab origins, and Mediterranean influence.

We exist between nature and this particular civilization, and that is what we want to share with those who visit us. This Algarve of ours. Raw.

Signature Exfoliation Massages

Salt & Fig Ritual

Inspired by the natural richness and authentic flavours of the Eastern Algarve, this exclusive ritual by Octant Praia Verde celebrates a profound sense of place and identity.

The exfoliation is performed using a distinctive blend of Salmarim fleur de sel, hand-harvested in the Castro Marim Salt Marsh Nature Reserve – renowned for its purity and mineral wealth. To this precious base, we add dried figs from the Algarve highlands, providing a sweet, nourishing touch, along with crystallised violets, which gently perfume and soften the skin.

Following the exfoliation, enjoy a quick shower in our dedicated space before a gentle, nourishing massage.

Recommended for: Skin renewal, improved circulation, and detoxifying benefits.

Citrus Ritual with Bergamot & Orange

Inspired by the freshness and vitality of Mediterranean citrus fruits, this ritual combines the invigorating properties of a bergamot and orange body scrub with a relaxing and hydrating massage.

The scrub has a light, fine texture – reminiscent of soft sand – that glides smoothly over the skin, offering a gentle yet effective exfoliation. It removes dead cells and impurities, leaving the skin exceptionally soft, renewed, and radiant.

Following the exfoliation, enjoy a quick shower in our dedicated space before a gentle, nourishing massage that deeply hydrates the skin, restores radiance, and promotes a sense of balance and well-being.

Recommended for: Revitalising tired skin, stimulating circulation, and relaxing body and mind.

LATITUDE

OCTANT Hotels

Our commitment is to the local. That's what we promised on May 11, 2022 when we launched the Octant Hotels brand and said: we want to be the best place to discover the regions where we are.

We are committed to promoting, protecting and developing the places where we are because we know that it is the places that make us who we are. It is the landscapes, the people and the traditions that make our guests' experiences unique.

We set out and traveled the country, exploring around the Octant Hotels in search of people, trades, traditions and landscapes. And we discovered so much.

Now it's time to share them, in our hotels, in our experiences and here.

TRAVEL WITH PURPOSE.

There are stories that are not written in travel guides, that only live in the gestures of a craftsman working with the material, in the aromas of a market at dawn or in the tranquility of a place that seems made to be eternal.

Allow yourself to discover. Allow yourself to travel with purpose. Not just to new destinations, but new experiences with true meaning.

) We create a personalized itinerary tailored to you, designed to ensure that every moment of your journey is meaningful and authentic.
